About Handcraft Collars

Handcraft Collars, Inc. was founded in 1960 by John and Katherine Saucier. They were both involved in dog obedience training at the time and, due to the lack of properly fitting equipment, worked at developing a new type of training collar. The results of their efforts produced the **Snap-Around Training Collar**. This type of collar allows a better fit because it snaps around the dogs neck instead of going over the head. This provides for greater control with minimal effort. Our collar has often been imitated, but the quality has never been duplicated.

Over the past four decades the product design has not changed. All collars are hand made, and will not stretch. Our collars and leads are tested by training professionals before they are sold to our customers. In addition, our collars are used today by top training instructors throughout the world.

Jack and Wendy Volhard have been promoting our Snap-Around Training Collar in their training seminars, and books for years. Because of their well known use of this product, it is often referred to as the "Volhard" training collar.

We have also been publicized in the revised edition of How To Be Your Dogs Best Friend- by The Monks of New Skete.

We certainly appreciate the continued support that Jack, Wendy, the Monks of New Skete and ALL of our loyal customers have shown in the use of our products.

A great big thank you to you all.

In addition, we manufacture a variety of top quality training products to give our customers the advantage in all training situations. A good trainer utilizes a variety of training tools to accommodate their needs, and accomplish their goals. They realize that every situation is different with all dogs, and may require different equipment. What may work with one dog, may not work with another dog of the same breed. Handcraft Collars continues to bring you the training tools you need for success in training your dog.

We currently serve over 1,000 customers - one at a time - and still do our best to give you, our customer, the best possible service. All orders are hand-made, processed and shipped in the order that we receive them. We make every effort to ship within 72 hours after receiving your order.

We invite you to try the finest quality training collars and equipment on the market today. Please visit our website often to see our new and exciting products.

Custom Made Products:

We can custom make collars and leads to your specifications. Please contact us if you have a specific need.

Safety Tips:

1. **Never leave ANY type of collar on a dog while unattended in a crate (metal or plastic crate).** This even includes regular buckle type collars. Hardware or ID tags can get caught between the metal or plastic bars in the crate causing possible injury to the dog.
2. **Do not leave training collars in training position (snap attached to floating ring) on dog when not in training.**
3. **Never tie a dog out in ANY type of collar.** We recommend a Harness for tie-outs.

How-To properly fit and use the Snap-Around Training Collar & the Adjustable Snap-Around Training Collar

the professional's choice

Invented by Handcraft Collars, Inc. Handmade nylon collar snaps around dog's neck for a more precise fit. Stays in place and gives the handler better control for more effective teaching.

Used by world renowned instructors, and often referred to as the "Volhard" collar.

(Made in 1/2" Graduated Sizes)

For Strong small breeds such as Jack Russell, Schnauzers, etc. we recommend Stock number 1-143 (large rings, large trigger or bolt snap) for dogs that fit into this size range.

The image below demonstrates the proper way to measure your pet.

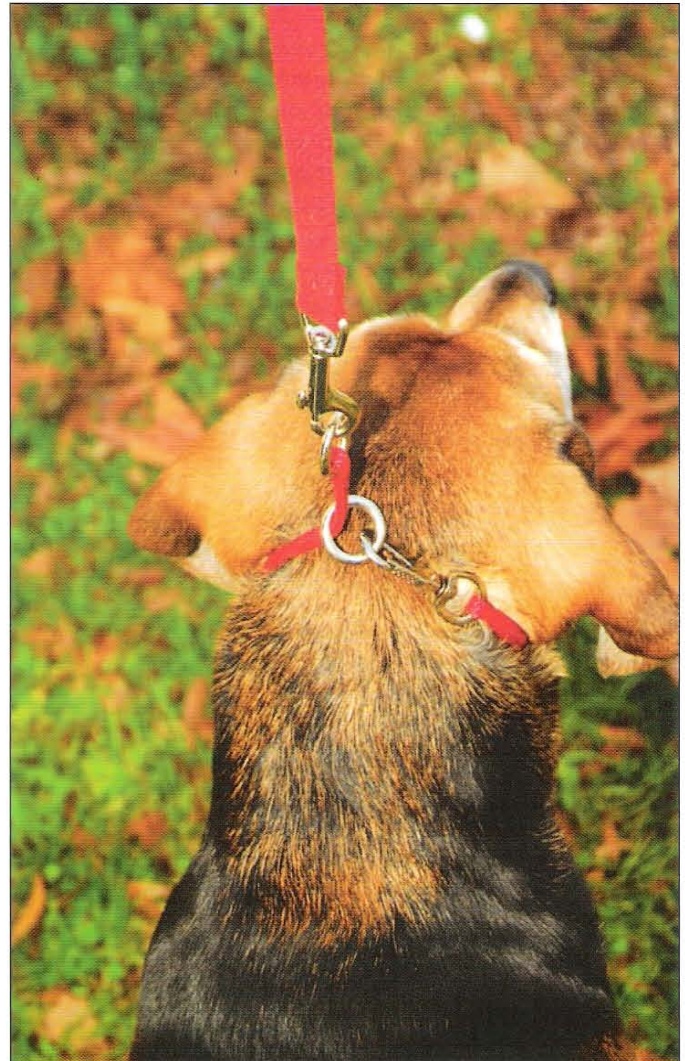

Follow the instructions below to properly use the Snap-Around Training Collar.

The Snap-Around Training Collar is different from other training products in that it is placed around the dogs neck as opposed to being fitted "over the head" like other training products (two ring training collars). This type of collar has a snap on one end, a floating or loose ring, and a stationary ring on the other end. The snap is attached to the floating ring to be used as a training collar, and the lead is attached to the stationary ring; thus, this collar allows a better fit, and stays high up on the neck behind the ears. With proper fitting this collar should not slide down the neck, but stay in this position giving the handler better control for more effective teaching. **Do not leave the collar in training position (snap attached to floating ring) on dog when not in training.**

*** Please Note ***

This type of collar is very humane simply because of where it sits on the dogs neck, above the trachea. Very little effort is needed to use the Snap-Around Training Collar. **We do not promote any type of training that uses harsh pulling or jerking the dog at any time. Only a slight movement of the wrist is all that is needed to get the dogs attention back on you.**

Use Lots of Praise When Training !

This collars will not harm the coat as opposed to chain collars. They can be washed in lukewarm water and detergent. Pull back to size while wet.

The way we measure the finished product after hand making the Snap-Around Training Collar is by laying the collar flat- straight out- with the stationary ring on the left side, and the snap on the right side. Measure from where the fabric starts on the stationary ring side all the way to the tip of the snap on the other end. **We include the fabric and snap only. The stationary ring is not included in the measurement.**

When measuring your dog for a Snap-Around Training Collar, place your dog in a standing position. Measure under the chin, around the neck, and then up behind the ears. **You want a Snug fit, but not choking.** Add an extra 1/2" for smooth coated dogs, or 1" for long coated dogs to the measurement obtained. This 1/2" - 1" will give the

Continued on next page

Snap-Around How-To continued

necessary check with less effort, and will help the collar stay in place.

If you are ordering a Snap-Around Training Collar for a puppy (not an Adjustable Snap-Around), add 2" larger to allow for growth. When you get the collar, tie a knot, maybe two knots in the center of the collar to take up slack. This will make the collar smaller, and you can get the proper fit you need now while training your puppy. As the puppy grows, let the knot or knots back out to make the collar larger. This will also prevent you from having to purchase several collars while that puppy grows.

*** Remember, when placing your order for the Snap-Around Training Collar- **that an exact measurement is needed.** The collars come in whole and half sizes, for example: 12", 12.5", 13", 13.5", etc.

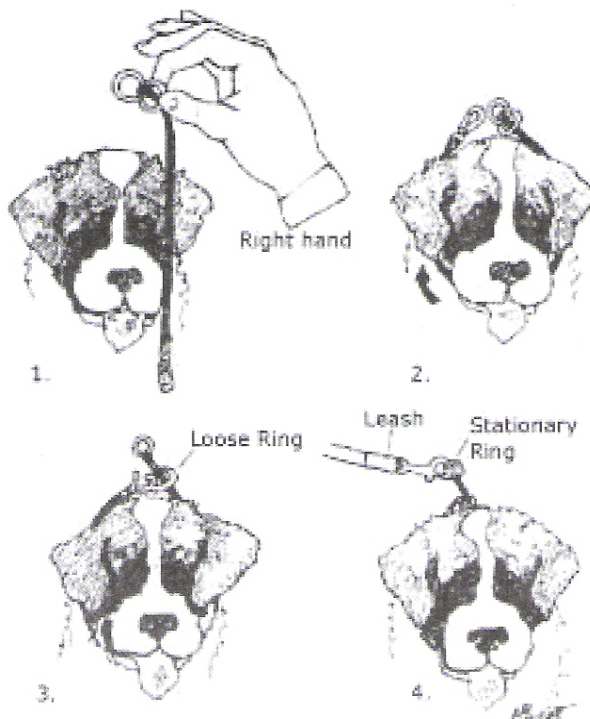

Trigger Snap Bolt Snap

Collars are made with either a Bolt snap or a Trigger snap. Please specify the type of snap you would like.

See illustrations below for proper way to place the Snap-Around Training Collar on your dog.

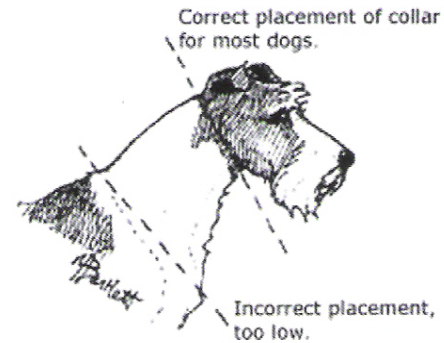

1. Collar has one stationary ring, a floating or loose ring, and a snap.
2. Place snap end of collar under dogs chin, behind ears, and around neck. Bring ring end of collar around

chin to other side of dogs neck.

3. Attach snap to floating or loose ring.
4. Attach leash to stationary ring.

The stock numbers for the Snap-Around Training Collar indicates the size rings and snaps we use on that particular size range. This doesn't mean however, that a collar will fit the entire range in each stock number.

Here is a sample of how you would place your order:

1. Determine the size you need by following our measuring instructions. (Example: 16.5")
2. Determine where your size is listed under the particular stock number according to our chart. (Example: 1-143A)
3. Select the color, description of item, exact size collar you require, type of snap you prefer, and quantity needed.

See Example Below:

Color: Black

Item Description: 143A Large Rings, Large Trigger or Bolt Snap 15"-20"

Size of Collar: 16.5"

Snap Type: Bolt Snap

Qty: 1

Snap-Around Training Collar

the professional's choice

I have been using this style of training collar for over 15 years.

*Not only do I find it to be an extremely effect training tool for all ages and breeds of canine,
I find it to be accepted easily by the owners.*

*As a busy obedience instructor, I find that if an owner is not having positive results or
not comfortable using the training tool, they will not continue on with a program. Therefore, this
training collar has been instrumental in not only training dogs, but, training their humans.*

I just can't keep them in stock!

—Claire S.

Invented by Handcraft
Collars, Inc. Handmade
nylon collar snaps

around dog's neck
for a more precise
fit. Stays in place and
gives the handler
better control for

more effective teaching.

Two-Ring Training Collar

used in obedience training

Standard Nylon training collar with one ring on each end of collar. This collar has to be placed over the dogs head.

The size of regular two ring training collars is measured between the rings- fabric only -rings are not included in measurement.

To measure dog, measure around the head, over the ears.

(Made 1/2" Graduated Sizes)

Stock Number & Description

1-181 tiny rings 7"-9.5"

1-3161 small rings 10"-14.5"

1-14 large rings 10"-14.5"

1-14A large rings 15"-20"

1-14B large rings 20.5"-30"

AVAILABLE IN RED, BLUE, BLACK and WHITE ONLY!

See **PRICE SHEET** or Call 1-800-837-2033 or email: Info@Handcraftcollars.com for the latest pricing information.

Adjustable Snap-Around Training Collar

ideal for the growing pup!

The "Adjustable" Snap-Around Training Collar is different from other training collars in that it is placed around the dogs neck as opposed to being fitted over the head like other training products (2 ring training collars).

It has one straight tongue snap, one stationary ring, and one floating ring. Black hard nylon adjustable slip lock buckle and keeper fully adjusts to fit any size dog.

This collar is in a wider width than our original Snap-Around Training Collar for those who desire a wider collar. Being adjustable, it is IDEAL for that GROWING PUP!

They can be washed in lukewarm water and detergent.

Pet First-Aid™ Topical Antiseptic

Promotes Healing of:

- Cuts
- Abrasions
- Burns
- Skin Irritations
- Insect Bites
- Mange
- Sores
- Hot Spots
- Fly Bites
- Pad Irritation

with great effectiveness. In my opinion, the healing time is reduced, simply because Pet First-Aid Topical Antiseptic works more quickly than any other topical antiseptic I've used before.

One of my Springers was terribly allergic to flea bites, and as a result developed 'hot spots'. Any of you who have had experience with hot spots, know how uncomfortable it is for your pet. It is very time consuming, and expensive to treat this ailment. I have used many, different topical products for this

Pet First-Aid Topical Antiseptic is a solution that promotes the healing of many pet related injuries. I was introduced to this product three years ago, and have used it extensively here on my farm. I have found this product to be exceptional for all types of minor injuries; hot spots, fly bites, cuts, etc., and have used it on my horses, dogs, and cats

purpose, and I was very frustrated with the results of most of these products. My experience after using Pet First-Aid Topical Antiseptic, was that the hot spot dried up almost over night, the redness disappeared, and my dog was happy and relieved of his discomfort. I was extremely happy that I had found the solution to this problem.

This product is wonderful for the grooming industry, kennels, or ANY pet owner. I'm sure you will find this to be an exceptional product with unlimited uses.

Handcraft Collars is proud to announce the DVD release of

Living with your Dog

The Volhard method for developing a mutually inspiring relationship with man's best friend.

Handcraft Collar's association with Jack and Wendy Volhard started over 40 years ago with the introduction of the Snap-Around Training Collar, and continues with the release of *Living with your Dog*. This new DVD is the first visual program of its kind for the Volhards.

Previously, all of their video programs were mainly geared to the professional trainer and the avid obedience enthusiast. This 2 DVD set features their patented "Motivational Method™" of training, and is targeted to all people who like their dogs, and who have them first and foremost as pets and companions. All of the essential progressions of their method are covered in addition to practical applications of the obedience exercises, helpful training tips, Jack's sage advice and wisdom, and a special section on holistic nutritional options from Wendy. True to the Volhard's philosophical approach, *Living with your Dog* advocates positive reinforcement as the most effective teaching tool.

Millions have already benefitted from the knowledge and expertise of the Volhard's through their best selling books. This DVD release promises to expand on that audience and capture new followers, eager to learn the "Motivational Method™". *Living with your Dog* translates their method with exercises that are full of information, easy to follow, and allow owners to train their dog at their own pace with greater clarity.

CHAPTERS INCLUDE

- SIT
- STAND
- DOWN
- THE SIT STAY
- THE RECALL
- EQUIPMENT
- CRATE TRAINING
- PUPPY DEVELOPMENT

2 DVD SET

Jack and Wendy Volhard have spent a lifetime living with dogs. Their "Motivational Method™" is a holistic approach that stresses positive reinforcement as a means to enable owners to communicate effectively with their pets. Jack has instructed over 10,000 trainers and owners in his method, while imparting his unique and insightful observations formed from over 40 years of working with dogs. Wendy Volhard possesses an unparalleled understanding of canine behavior, development and care. Her book - *Holistic Guide for a Healthy Dog* - is educating a new generation of owners how to help their pets live longer, happier and healthier lives. In this DVD set, they bring their wealth of experience together to assist you in developing a mutually rewarding and meaningful relationship with your own dog.

Ch. Den-Marc's Chain Reaction "CJ" Multiple Group Winner! Multiple Best of Breed Winner! Handled by Vanessa Flemming

"CJ" is well balanced, compact, and sturdy with correct tail set and carriage. His powerful movement reflects his strong rear angulation and correct front assembly. While exhibiting great showmanship, he also possesses a wonderful expression

with good dentition and scissors bite. He has good bone, strong pigment and a hard straight white coat. He is siring many puppies with his wonderful qualities. Look for them in the show ring this year!

**Available for Stud service to approved
Champion West Highland White Terriers**

HOW-TO ORDER

OFFICE HOURS:

Monday- Friday 9:00 a.m - 5:00 p.m. CST

ORDERING:

To place an order by phone or for product information via our 24 hours message service, call our toll free number: 1-800-837-2033.

If our voice mail picks up we are usually helping another customer, so please leave your name and phone number so we can return your call.

To place your order by FAX: 1-205-338-0439

To place your order through our web site: www.handcraftcollars.com. You have to create an account through our web site, but you will be able to confirm, and track your order. You can also keep up with your previous ordering history.

To Order by Mail:

1. Fill out the enclosed order form completely.
2. Type or clearly print all information. If there is a different SHIP TO name and address, please include it, along with a daytime phone number so we can contact you if there is a question about your order.
- 3: If paying by check, please call for Shipping/ Handling charge to be included with your order.

PAYMENT POLICY:

Handcraft Collars, Inc. accepts Visa, Master Card, or prepayment by personal check, money order, bank draft, or cashiers check made payable to Handcraft Collars, Inc. Orders paid by personal check must be allowed to clear prior to shipment. All orders paid by other methods of payment will be shipped immediately if items are in stock. Do not send currency. Foreign orders must be paid in American Dollars. If you wish to pay by credit card, please indicate the

card you hold, expiration date, cardholder name, billing address, and all card numbers. No COD'S.

SHIPPING INFORMATION:

All orders are normally shipped via insured Priority Mail with Delivery Confirmation Receipt. We do ship by UPS or FED EX if you choose either of these carriers. UPS does not deliver to post office boxes, so please be sure to provide a street address when you place your order if requesting UPS. Next day, second day, or third day air are available upon request for in-stock items. Please call for pricing on air rates.

All of our products are hand-made. We process, and ship our orders in the order that we receive them, and strive to ship within 72 hours for items in stock. However, there are specific times during the year when group obedience classes resume, and it may take just a little longer to process and ship your order. If you are placing a large order for group obedience classes we ask that you give us at least a two week notice before your classes start to allow time for manufacturing, and shipping to ensure you receive your order in time for your classes.

RETURN POLICY:

All Handcraft Collars, Inc. purchases require your complete satisfaction. Should your order be unsatisfactory for any reason, it may be returned within fifteen days for refund, credit, or exchange. Any order canceled while in transit will be subject to any applicable freight charges. If your shipment is damaged, please notify us immediately so a replacement order can be processed.

Prices subject to change without notification.
